Summary

Dynamic and multi-talented Computer Science Engineering student with a passion for coding, marketing, and interpersonal communication. Demonstrated proficiency in programming languages such as Java, C++, and Python. Possesses strong problem-solving abilities, deep understanding of computer architecture, effective communication and collaboration skills, and expertise in marketing and management. Exceptional social skills with a track record of building rapport and fostering relationships. Currently interning with Kryptonics, leveraging technical background and social skills to contribute effectively to marketing projects.

Education

Bachelor of Technology in Computer Science Engineering
VIT, Vellore
Expected Graduation: 2026

Higher Secondary Education (12th Grade)
DPS, Pune
Year of Completion: 2022
Percentage:98.2

Secondary Education (10th Grade)
DPS, Pune
Year of Completion: 2020
Percentage:96.6

Professional Experience

Intern - Marketing, Kryptonics
[2024- Present

- Contribute to various marketing projects and campaigns leveraging technical background and social skills.
- Gain valuable insights into the intersection of technology and marketing, enriching skill set and knowledge base.

Skills

- **Proficient in Programming:** Mastery in Java, C++, and Python enables development of robust software, optimization of algorithms, and efficient resolution of technical issues.
- **Strong Problem-Solving Abilities:** Excel in dissecting complex problems, devising innovative solutions, and troubleshooting technical challenges effectively.
- **Deep Understanding of Computer Architecture:** Extensive knowledge of computer hardware components empowers design of software that maximizes system performance and utilizes hardware resources optimally.
- **Effective Communication and Collaboration Skills:** Clear communication and collaborative spirit facilitate seamless teamwork, enabling effective sharing of ideas, discussion of technical concepts, and resolution of conflicts for successful project outcomes.
- **Marketing and Management Skills:** Proficiency in marketing and management strategies allows promotion of projects effectively, leadership of teams efficiently, and alignment of projects with organizational objectives.
- **Strong Social Skills:** Exceptional social skills enable building rapport, fostering relationships, and effective communication with clients, stakeholders, and team members, fostering a positive and productive work environment.

Career Timeline

- **2015-2017:** Actively participated in coding competitions and developed a strong foundation in programming.
- **2017-2022:** Completed high school education while excelling in extracurricular activities such as basketball and karate, demonstrating leadership skills and a passion for teamwork.
- **2022-Present:** Commenced undergraduate studies in Computer Science Engineering, excelling academically and socially, becoming an active member of the Codechef Club and college's dance club.
- **2024:** Secured internship with Kryptonics, gaining valuable experience in marketing while leveraging technical and social skills to contribute effectively to the team
